Notice of Revision to Dividend Forecast (Dividend Increase)

The Board of Directors of Japan System Techniques Co., Ltd. (JAST) approved a resolution on February 29, 2024 to revise the dividend forecast for the fiscal year ending March 31, 2024.

1. Revision to dividend forecast

Based on the recent trend in earnings growth, and taking into consideration the return of profits to shareholders, we have revised our year-end dividend forecast from the previous forecast of 40 yen to 45 yen. Consequently, the annual dividend for the fiscal year ending March 31, 2024 is expected to be 45 yen per share.

The JAST Articles of Incorporation allow the Board of Directors to approve the payment of dividends from surplus without the approval of a resolution by shareholders as provided for in the Companies Act, except when stipulated otherwise in laws or regulations.
