Notice Regarding Accident at Our Construction Site
(Apology and Announcement)

We wish to announce that a work accident has occurred at an equipment dismantling construction site being operated by our Company, as detailed below. We offer our sincerest apologies to our shareholders, investors, and all other parties concerned for the significant inconvenience and anxiety this incident has caused.

1. Date and Time of Occurrence

April 7, 2026 (Tuesday) at 16:17

2. Location

Ogishima, Kawasaki-ku, Kawasaki City, Kanagawa Prefecture

3. Summary of the Accident

During the dismantling of an unloader crane (54 meters in height)—equipment used for unloading raw materials (iron ore, coal, etc.) from vessels—a cylindrical counterweight weighing approximately 400 tons, which is a component of the unloader crane, fell approximately 35 meters along with a crushing machine positioned on top of the counterweight. Five workers who were engaged in work on top of the counterweight were affected by the incident.

4. Human Casualties

Deceased: 3 persons
Injured: 1 person
Missing: 1 person

5. Cause of Accident and Preventive Measures

The cause of the accident is currently under investigation by the relevant authorities, and the Company will cooperate fully with the investigation. The Company takes this incident with the utmost seriousness and will endeavor to determine the cause of the accident. Once the cause has been determined, the Company will implement appropriate countermeasures under the guidance of the relevant authorities and will further strengthen and rigorously enforce its safety measures to ensure that such an incident never occurs again.

6. Impact on Business Performance

The impact of this incident on the Company's consolidated operating results is currently unknown. Should any material impact on the Company's business performance be anticipated going forward, the Company will make the necessary disclosures in a timely manner.
