**Notice Regarding Continued Selection as Constituent
of the JPX-Nikkei Mid and Small Cap Index**

LIKE Inc. (hereinafter, “LIKE”) hereby announces that its stock has continued to be selected as a constituent of the “JPX-Nikkei Mid and Small Cap Index” for Fiscal 2025 (August 29 2025 to August 28, 2026) which is calculated jointly by JPX Market Innovation & Research, Inc. and Nikkei Inc. LIKE have been continuously selected as a constituent of the JPX-Nikkei Mid and Small Cap Index for five consecutive years starting from Fiscal 2021.

The JPX-Nikkei Mid and Small Cap Index applies the concept behind the JPX-Nikkei Index 400—selecting companies with high appeal to investors—to the mid- and small-cap segment. It aims to identify companies that effectively utilize capital and engage in management practices that are mindful of investor interests, while also encouraging such practices across a broader range of companies. In addition, the index is designed to meet investor demand for investment in such companies.

Constituent stocks are selected from ordinary shares listed on the Prime, Standard, and Growth Markets of the Tokyo Stock Exchange. After screening based on market capitalization and liquidity indicators, companies are scored using quantitative metrics such as three-year average Return on Equity (ROE) and three-year cumulative operating profit. The final selection also incorporates qualitative criteria, including the inclusion of female board members. Based on these criteria, the top 200 companies are selected as constituents.

LIKE is deeply grateful for the continued support from many stakeholders. Through this selection, LIKE aims to attract the attention of an even broader base of investors and will continue striving to enhance its corporate value to meet their expectations. LIKE appreciates your continued support going forward.
