## Proposal No. 2 Election of Seven Directors

The terms of office of all currently serving seven Directors will expire at the conclusion of the Meeting. In this regard, in accordance with the decision made by the Nomination Committee, the Company proposes to elect seven new Directors (including four External Directors).

To ensure a system by which the whole of the Board of Directors is able to suitably supervise the execution of the Company's business, the basic policy is to have the Board of Directors comprised of Internal Directors, who have capabilities and insight with respect to respective businesses and overall management, and External Directors, who are in number at least the same as Internal Directors and are able to provide valuable opinions concerning the enhancement of governance, etc. from the multiple perspectives of the stakeholders, etc.

If this proposal is approved as proposed, four of the seven Directors will be External Directors.

All of the four candidates for External Directors satisfy the "Independence Criteria for External Directors" established by the Company and the requirements for independence stipulated by Tokyo Stock Exchange, Inc.

Please refer to the activities of External Directors during the fiscal year under review on pages 20 to 21.

The candidates for Director are as follows:

- (Notes)
1. There is no special interest between any of the candidates and the Company.
  2. Messrs. Masamichi Ouchi, Sadayoshi Fujishige and Hiroshi Kagechika, and Ms. Agasa Naito are candidates for External Director.
  3. Messrs. Masamichi Ouchi, Sadayoshi Fujishige and Hiroshi Kagechika, and Ms. Agasa Naito satisfy the “Independence Criteria for External Directors” established by the Company and the requirements for independence stipulated by Tokyo Stock Exchange, Inc.
  4. The Company has entered into limited liability agreements with Messrs. Masamichi Ouchi, Sadayoshi Fujishige and Hiroshi Kagechika, and Ms. Agasa Naito to limit their liability under Article 423, paragraph 1 of the Companies Act to an amount as provided for by Article 425, paragraph 1 of the same Act pursuant to the provisions of Article 26 of the Company’s Articles of Incorporation, and if this proposal is approved and adopted as originally proposed, the Company plans to renew these agreements.
  5. The Company has submitted an Independent Officer Notification Form to register Messrs. Masamichi Ouchi, Sadayoshi Fujishige and Hiroshi Kagechika, and Ms. Agasa Naito as independent officers at Tokyo Stock Exchange, Inc. If their election is approved and adopted in accordance with this proposal, they will continue to serve as independent officers and the Company plans to submit Independent Officer Notification Forms registering them all as Independent Officers.
  6. Overview of directors and officers liability insurance policy  
 The Company has concluded a directors and officers liability insurance (D&O insurance) policy as stipulated in Article 430-3, paragraph 1 of the Companies Act with an insurance company, in which Directors and Executive Officers of the Company and directors and other officers of its subsidiaries are the insureds. The insurance premiums, including those for special clauses, are borne by the Company in full, and there are no insurance premiums actually borne by the insureds. The aforementioned insurance policy has been made to cover losses that may arise from the insured’s assumption of liability incurred in the course of the performance of duties as an officer or a person at a certain position, or receipt of claims pertaining to the pursuit of such liability.  
 If this proposal is approved and adopted as originally proposed, the Company plans to include all seven Director candidates as insureds in the aforementioned insurance policy and renew the said policy with the same terms in June 2021.
  7. It is planned that after the conclusion of the Meeting, by way of resolutions of the Board of Directors, the respective members and chairman for the Nomination Committee, Remuneration Committee, and Audit Committee will be as follows.  
 In each committee, the majority of members shall be External Directors, and an External Director shall be appointed as chairman.

### (1) Corporate governance

The Company made the transition from a company with Audit & Supervisory Board to a company with a Nomination Committee, etc. in 2014. With the aim of achieving sustainable growth for the Group while enhancing the corporate value over the medium to long term, the Company is enhancing the corporate governance structure and implementing reviews on an ongoing basis, setting various objectives, such as further clarifying the separation of supervision from execution, strengthening the management supervisory function and improving management transparency of the Board of Directors, and ensuring agility of the execution and running of business operations performed swiftly by Executive Officers.

#### [Principal initiatives carried out in recent years]

- 1) The Company has established the “preliminary briefings” to deepen understanding of agenda items of meetings of the Board of Directors in the interest of further energizing deliberations at meetings of the Board of Directors, and preliminary briefings were held 10 times in the fiscal year. During these preliminary briefings, timely and appropriate explanations were given and opinions were exchanged regarding not only the agenda items to be raised at the meeting of the Board of Directors, but also matters deemed important for the supervision of management, spending about two hours each time. The background of the agenda items, etc. provided at meetings contributed to deepening essential understanding, thereby contributing to the efficient operation of the meetings of the Board of Directors.
- 2) Pursuant to internal rules established by the Board of Directors, the Company commissioned retired officers of the Company, including Chief Executive Officer, Chairmen, and other officers (Directors, or Executive Officers with titles) to serve as Advisors or Special Consultants for a certain period. However, in the interest of building a more efficient and effective management structure for the future, the Company abolished the “Advisor and Special Consultant System” effective June 30, 2017.
- 3) The Company established the Corporate Communication Department on April 1, 2017 with the aim of enhancing the dissemination of information to outside the company. This department works to ensure better transparency and fairness, to disseminate information that is easy to understand and very useful, and to promote constructive dialogue with the shareholders. Beginning with fiscal 2018, the department now augments its IR activities by also engaging in dialogue with key persons for deciding voting rights at institutional investors.
- 4) From the standpoint of supervising the business execution of Executive Officers, the Board of Directors determined the “Rules of Executive Committee” at the meeting of the Board of Directors held on December 26, 2017. Concerning deliberations on important matters related to overall management of the Group, the Board of Directors has indicated its intention to promote discussions that are more multifaceted to further energize and deepen the Executive Committee meetings.
- 5) From 2019, the Company has begun to publish an integrated report combining financial information and non-financial information including CSR to enable a deeper understanding of the Group’s initiatives for creating value over the medium to long term.
- 6) The Company holds shares of listed companies under its policy on cross-shareholding in cases where it deems such shareholding to be beneficial for building favorable relationships with important trading partners of the Group in fields including sales, procurement of raw material and fuel, and finance, smoothly advancing business activities of the Group, and maintaining and enhancing corporate value in the Group. However, from a standpoint of the sustainability and growth of the Group’s corporate value, when the Company deems that there is insufficient reason to hold those shares, the Company will sell them while paying attention to the effect on the market, and so forth.

Moreover, the Company reviews the holding policy for listed shares individually at a meeting of the Board of Directors on a periodic basis, comprehensively considering qualitative factors such as the materiality of transactions, and the maintaining or establishment of favorable trading relationships, etc., i.e. sales and purchases, the existence of any technological cooperation or joint capital investment, whether there are any joint ventures underway, or financing arrangements, and a quantitative evaluation that compares the total return on investment, calculated by considering dividend yield and business profit, against the cost of capital. Based on such reviews, the Company

sold four different listed company shares worth ¥8,665 million in fiscal 2020, and 17 different company shares worth ¥12,804 million in the four-year period from fiscal 2017.

#### **[Self-evaluation concerning the effectiveness of the Board of Directors]**

The composition, operation, support structure, shareholder dialogue, etc. of the Company's Board of Directors are analyzed and evaluated by the Board of Directors based on evaluations by each Director by implementing surveys using external attorneys.

In the evaluation concerning the effectiveness of the Board of Directors in the previous fiscal year, the opinion was expressed that further improvements need to be made to matters such as enhancement of feedback from Executive Officers on matters resolved by the Board of Directors, deepening of discussion on management policy and management strategy, including from the perspective of ESG and SDGs, and further strengthening of risk management, such as disaster countermeasures, fraud prevention measures and Group management, and review of the agenda of items and time for discussion at meetings of the Board of Directors, and the following initiatives were adopted in the fiscal year.

- With regard to large-scale capital investment projects resolved by the Board of Directors and progress made with respect to the annual budget, the Executive Officers provided preliminary briefings, as well as provided explanations and reports at meetings of the Board of Directors, which enhanced deliberations.
- In the development of the Mid-Term Business Plan, Executive Officers and the Board of Director shared reflection on the previous Mid-Term Business Plan as well as challenges for each business division and company-wide challenges in research and development, risk management and other areas on several occasions and deepened discussions on the Company's management policy and management strategy to be pursued, including ESG and SDGs, and the Group formulated new management strategy incorporating environmental goals (the Nittobo Group's vision for 2030 [Big VISION 2030], and the New Mid-Term Business Plan).
- As four External Directors with diverse knowledge and experience were elected and the Board of Directors received explanations related to agenda items, current business conditions and issues at preliminary briefings, etc., the Board of Directors was able to have free and open-minded deliberations and discussions that were constructive and multifaceted.

The survey for the fiscal year, returned an evaluation that there were very positive results, with about 70% of the survey items receiving higher evaluation compared with the previous fiscal year. However, there were also the opinions that the following items require improvement.

- Further improvement in risk management
- Creation of a structure for feedback on matters resolved by the Board of Directors in the past
- Promotion of sustainability activities
- Continued discussions on grooming plan for prospective candidates for senior executive positions

The Company will continue to make improvements to ensure the Board of Directors performs supervisory functions more.

- (Notes) 1. The above numbers of recipients include two Directors who retired as of the conclusion of the 159th Ordinary General Meeting of Shareholders held on June 25, 2020.
2. The amount paid to Executive Officers does not include the wages paid for service as an employee for Executive Officers who concurrently serve as an employee of the Company.
3. The Company's performance-linked remuneration is calculated based on the previous fiscal year's performance, and the amount combined with fixed remuneration (basic remuneration) is defined as remuneration for the current fiscal year, and this is paid as a fixed regular wage.

## (3) Policy for the determination of remuneration, etc. for Directors and Executive Officers

### (i) Deciding policy

The Company determines the policy related to the determination of individual remuneration of Directors and Executive Officers on the basis of objective data, etc. from external consultants in the Remuneration Committee, composed of a majority of External Directors and chaired by an External Director, based on the provisions of the Companies Act related to a Company with Nomination Committee, etc.

Furthermore, the policy is based on the approach of providing strong motivation for officers to achieve their performance targets while securing transparency and rationality, fostering awareness for medium- to long-term management, and conforming with the interests of stakeholders including shareholders and investors, and the performance targets used for calculating remuneration also reflect this approach.

### (ii) Outline of details of the policy

The Company's officer remuneration (excluding External Directors) is structured with basic remuneration determined by the position and the state of competency expected of each position (behavior evaluation) and the state of performance (performance evaluation), and performance-linked remuneration that varies within a range of 0% to 150% according to the level of achievement of company performance targets from the previous fiscal year and individual performance targets based on the activities and performance of the responsible divisions, and the current fiscal year's remuneration is based on a combination of these.

Performance-linked remuneration is not applicable for External Directors due to the role of supervising management from an independent and objective perspective.

(Note) Performance-linked remuneration (company performance portion + individual performance portion) is set at 50% of basic remuneration for the Representative and Chief Executive Officer, 45% of basic remuneration for Senior Managing Executive Officers, and 40% of basic remuneration for other officers (excluding External Directors).

<The reasons for the selection of these indicators>

(i) Company performance

Operating profit is set to strengthen our earning power and growth potential, and ROE is set to improve capital efficiency. Dividends are set for the purpose of further sharing value with our shareholders.

(ii) Individual performance

The operating profit of division under charge and the status of initiatives to address issues in the Mid-Term Business Plan were set to clarify the responsibility for performance that should be taken on by each officer (excluding External Directors). In addition, evaluation is conducted based on a perspective and items different from that of the company performance.

#### <Determining remuneration>

The Remuneration Committee chaired by an External Director checks the exhibition of competencies and the level of achievement of company performance targets and individual performance targets, and determines individual amounts based on the aforementioned remuneration percentages and percentages of reflection in performance-linked remuneration.

##### ■ Calculation rules

(Basic remuneration)

This is determined using a basic remuneration table that is a matrix based on four levels of behavior evaluation and nine levels of performance evaluation.

(Performance-linked remuneration)

- Company performance portion = amount of basic remuneration for each previous fiscal year × percentage of company performance portion for each position × level of achievement of company performance portion for the previous fiscal year
- Individual performance portion = amount of basic remuneration for each previous fiscal year × percentage of individual performance portion for each position × level of achievement of individual performance portion for the previous fiscal year

Performance-linked remuneration is determined by combining the company performance portion and the individual performance portion calculated as shown above.

Since remuneration for Directors and Executive Officers for the fiscal year under review was also determined by the above method, and furthermore, the validity of the level of remuneration was checked based on data on officer remuneration periodically provided by external consultants, the Remuneration Committee has judged that the content of the remuneration reflects the above policy.

Targets and actual values of company performance for fiscal 2019 used in the calculation of performance-linked remuneration in fiscal 2020 are as follows.

[Operating profit (compared to budget)] target: ¥10,000 million/actual: ¥8,160 million

[Operating profit (year on year)] target: ¥8,198 million/actual: ¥8,160 million

[ROE (year on year)] target: 9.1% (after adjustment)/actual: 6.3%

[Dividends (year on year)] target: ¥40 per share/actual: ¥45 per share

(Note) Individual performance targets are set using individual quantitative and qualitative targets, and calculated based on the results thereof.

#### (4) Matters regarding External Directors

There is no personal, capital, business or other relationship between the Company and each of the External Directors. Therefore, four External Directors have been elected on the basis of being able to provide appropriate advice and supervision from an independent standpoint based on character insight, etc.

(i) Relationships between the Company and organizations where significant concurrent positions are held

There are no special relationships between the Company and the organizations at which the four External Directors have significant concurrent positions.

(ii) Overview of limited liability agreements

The Company has entered into limited liability agreements with each of the External Directors to limit their liability under Article 423, paragraph 1 of the Companies Act pursuant to the provisions of Article 26 of the Company's Articles of Incorporation. The maximum amount of the liability for damages based on such agreements is the amount prescribed in laws and regulations.

(iii) Activities of External Directors during the fiscal year under review

Each of the four External Directors attended all the meetings of the Board of Directors, Nomination Committee, Remuneration Committee and Audit Committee held during his/her term of office in the fiscal year under review. As part of their attendance at the Board of Directors meetings, the External Directors attended the preliminary briefings.

In particular, at the Audit Committee, the External Directors carried out their auditing duties as independent officers, which included holding discussions with the internal audit department, and the accounting auditor, receipt of reports on on-site inspections, etc., exchanging opinions with the President, and holding hearings with operating departments, while making use of telephones, the internet and other means due to the nature of activities during the COVID-19 pandemic.
