Notification and Apology Concerning Information Leakage Caused by Unauthorized Access to the Group's Business Systems (Second Report)

Prestige International Inc. (the "Company") hereby announces that, regarding the matter disclosed in the "Notification and Apology Concerning Information Leakage Caused by Unauthorized Access to the Group's Business Systems" dated November 2, 2026, subsequent investigations have confirmed that credit card information was included among the information exfiltrated externally.

Although no leakage of credit card information had been confirmed at the time of the previous announcement, this was discovered through subsequent investigations.

We once again offer our deepest apologies to our customers, business partners, shareholders, investors, and all related parties for the immense inconvenience and concern this may cause.

1. Newly Discovered Matters (As of November 6, 2026)

Newly Confirmed Information	Credit card information (card numbers)
Number of Cases	3 cases
Background / Circumstances	It was confirmed that credit card information was recorded in a portion of the call intake records of the relevant system.

2. Response to Affected Customers

We have notified the credit card companies that issued the relevant credit cards (the client companies) regarding this matter. Regarding communications and other measures for affected customers, we will take appropriate action in consultation with the credit card issuers.

3. Renewed Advisory for Customers

At present, no secondary damage or unauthorized usage resulting from this incident has been confirmed. However, for customers who use credit cards, we ask that you check your credit card statements for any unfamiliar charges as a precautionary measure, and contact your credit card issuer if you find any suspicious charges.

Additionally, please be cautious of suspicious phone calls, emails, SMS messages, or other communications claiming to be from the Company, our group companies, insurance companies, or related entities. Please do not click on suspicious URLs or respond to unsolicited communications. The Company and its group companies will never ask for passwords, bank account PIN numbers, card numbers, or sensitive credentials via phone or email in connection with this matter.

4. Future Response and Measures to Prevent Recurrence

Regarding notifications and guidance for affected customers, we will take appropriate actions in close consultation and coordination with our client companies. While continuing to advance the investigation with external specialized organizations, we will implement system modifications and strengthen our monitoring framework to prevent any recurrence.

Please note that even while the relevant systems are suspended, roadside assistance and related operations continue to operate through alternative operational procedures.

5. Impact on Financial Results

The impact of this matter on the Company's consolidated financial results is currently under review. If it is determined that a revision is necessary to the consolidated earnings forecast for the fiscal year ending March 31, 2027 (announced on October 29, 2026), or if any new material facts requiring disclosure arise, we will announce them promptly.

As stated above, no secondary damages resulting from this incident have been confirmed at present.
