(4) Notes for quarterly consolidated financial statements

(Going-Concern Assumption)

None

(Notes on significant changes in the amount of shareholders' equity)

None

(Changes in accounting estimates)

(Change in estimates of asset retirement obligation)

Based on the new information of recent restorations, we changed the estimates of our asset retirement obligation that was recorded as restoration obligations based on the real estate lease contracts of our school buildings for the current consolidated cumulative first quarter. The increase of ¥9,491 thousand due to the change in the estimate is added to the asset retirement obligation balance before the change.

Based on the new information of recent restorations, we changed the estimates of our asset retirement obligation that was recorded as restoration obligations based on the real estate lease contracts of our school buildings for the current consolidated cumulative second quarter. The increase of ¥2,002 thousand due to the change in the estimate is added to the asset retirement obligation balance before the change.

There is no impact on operating profit, ordinary profit, and profit before income taxes due to the change in the estimates for the current consolidated cumulative second quarter.

(Revenue recognition)

Information that breaks down revenue from contracts with customers is as presented in "Notes (Segment Information)".

(Significant Subsequent Events)

(Resolution Regarding Share Consolidation)

At the meeting of the Board of Directors held on October 28, 2025, the Company resolved to submit to the Extraordinary General Meeting of Shareholders scheduled for December 1, 2025 (hereinafter "the EGM") a proposal concerning the consolidation of shares.

(A) Purpose of the Share Consolidation

As announced in the "Notice Regarding the Implementation of a Management Buyout (MBO) and Recommendation to Tender" published on August 6, 2025, and the "(Correction) Notice Regarding Partial Amendment to the 'Notice Regarding the Implementation of a Management Buyout (MBO) and Recommendation to Tender" published on August 20, 2025, JPEC Co., Ltd. (hereinafter referred to as the "Tender Offeror") conducted a tender offer (hereinafter referred to as the "Tender Offer") to acquire all of the Company's common shares listed on the Tokyo Stock Exchange Standard Market (hereinafter referred to as the "Company Shares") —excluding the Company's treasury shares and all of the Company Shares held by Hiro ekisupuresu Corporation (hereinafter the "Non-Tendering Agreement Shareholder") (such shares collectively referred to as the "Non-Tendered Shares")— as part of a series of transactions (hereinafter referred to as the "Transaction") for a so-called management buyout (MBO) (Note 1), with the objective of delisting the Company's shares and making the Company private, and ultimately having only the Non-Tendering Agreement Shareholder remain as a shareholder of the Company.

(Note 1) A "Management Buy-out (MBO)" generally refers to a transaction in which the management of the target company contributes all or part of the acquisition funds to acquire the shares of that target company on the premise that the target company will continue its business.

As stated in the "Notice Regarding the Results of the Tender Offer for the Company's Shares by JPEC Co., Ltd. and the Change in Parent Company and Major Shareholder (Top Shareholder)" announced by the Company on September 20, 2025, the Tender Offeror conducted the Tender Offer for the Company's shares from August 7, 2025 to September 19, 2025. As a result, as of September 29, 2025 (the commencement date of settlement for the Tender Offer), the Tender Offeror came to hold 9,796,127 shares of the Company (ownership ratio (Note 2): 54.02 %).

(Note 2) "Ownership ratio" refers to the ratio calculated by dividing the number of shares owned by the total number of issued shares of the Company as of September 30, 2025 (18,504,000 shares), minus the number of treasury shares held by the Company as of the same date (370,168 shares), resulting in 18,133,832 shares. The ratio is rounded to the nearest thousandth decimal place.

As stated above, although the Tender Offer was successfully completed, the Tender Offeror was unable to acquire all of the Company's shares (excluding the treasury shares held by the Company and the Non-Tendering Shares) through the Tender Offer. Accordingly, the Tender Offeror requested the Company to implement the share consolidation (as defined below) in order to make the Tender Offeror and the Non-Tendering Agreement Shareholder the sole shareholders of the Company.

Accordingly, at the meeting of the Board of Directors of the Company held on October 28, 2025, the Company resolved, subject to the approval of shareholders at the EGM, to implement a share consolidation of the Company's shares at a ratio of one share for every 2,198,500 shares (hereinafter the "Share Consolidation") in order to make the Tender Offeror and the Non-Tendering Agreement Shareholder the sole shareholders of the Company and to privatize the Company. The Company also resolved to submit a proposal concerning the Share Consolidation to the EGM.

As a result of the Share Consolidation, the number of the Company's shares held by shareholders other than the Tender Offeror and the Non-Tendering Agreement Shareholder is expected to include fractional shares of less than one share.

- (B) Details of Share Consolidation
- (i) Type of shares to be consolidated Common shares
- (ii) Consolidation Ratio 2,198,500 shares of the Company will be consolidated into one share.
- (iii) Decrease in total number of issued shares 18,503,992 shares
- (iv) Total number of issued shares before the effective date 18,504,000 shares
- (v) Total number of issued shares after the effective date 8 shares
- (vi) Total number of authorized shares as of the effective date 32 shares
- (vii) Treatment of fractional shares resulting from the consolidation and the amount of cash to be delivered to shareholders in connection therewith

As stated in "(A) Purpose of the Share Consolidation" above, as a result of the Share Consolidation, the number of shares of the Company held by shareholders other than the Tender Offeror and the Non-Tendering Agreement Shareholder is expected to include fractional shares of less than one share.

Fractional shares of less than one share arising from the Share Consolidation will be aggregated (any fractional shares remaining in the total number of such shares will be rounded down pursuant to Article 235, Paragraph 1 of the Companies Act of Japan), and a number of shares equivalent to such aggregated total will be sold in accordance with Article 235 of the Companies Act and other applicable laws and regulations. The proceeds from such sale will be distributed to shareholders in proportion to their respective fractional holdings. Regarding the sale of such shares, given that (i) the Share Consolidation is intended, as part of the Transaction, to make the Tender Offeror and the Non-Tendering Agreement Shareholder the sole shareholders of the Company, and (ii) the Company's shares are scheduled to be delisted as of December 19, 2025 and will no longer have a market price, it is considered unlikely that any buyer would emerge through an auction. Accordingly, the Company plans to purchase the shares itself, subject to obtaining court approval pursuant to Article 234, Paragraphs 2 and 4, as applied mutatis mutandis under Article 235, Paragraph 2 of the Companies Act.

If such court approval is obtained as planned, the sale price will be set so that each shareholder will receive cash equivalent to 350 yen per share—the same amount as the tender offer price—multiplied by the number of shares held by each shareholder.

(C) Schedule of the Share Consolidation

Resolution by the Board of Directors: October 28, 2025 (Tuesday)

Extraordinary General Meeting of Shareholders: December 1, 2025 (Monday) (planned) Effective date of the Share Consolidation: December 23, 2025 (Tuesday) (planned)

(D) Impact on Per-Share Information

Assuming that the Share Consolidation had been implemented at the beginning of the previous second quarter consolidated cumulative period, per-share information for the previous second quarter consolidated cumulative period and the current second quarter consolidated cumulative period would be as follows:

	FY2024 April 1, 2024 – September 30, 2024	FY2025 April 1, 2025 – September 30, 2025
Profit per share	¥72,237,934.50	¥68,587,485.63

(Note) Since there are no potential shares, diluted profit per share is not presented.

(E) Anticipated Delisting

As stated in "(A) Purpose of the Share Consolidation" above, the Company plans to implement the Share Consolidation, subject to approval by the shareholders at the EGM, with the aim of making the Tender Offeror and the Non-Tendering Agreement Shareholder the sole shareholders of the Company. As a result, the Company's shares are expected to be delisted from the Tokyo Stock Exchange following prescribed procedures in accordance with the delisting criteria of the Exchange.

According to the schedule, the Company's shares are expected to be designated as securities to be delisted from December 1, 2025 to December 18, 2025, and to be delisted on December 19, 2025. After delisting, the Company's shares will no longer be tradable on the Standard Market of the Tokyo Stock Exchange.
