Notice Regarding Approval of Market Segment Change to Standard Market and Withdrawal of Plan for Compliance with Listing Maintenance Criteria for Prime Market

We are pleased to announce that today, we received approval from the Tokyo Stock Exchange, Inc. (hereinafter, the "TSE") for a change in our market segment to the TSE Standard Market. Accordingly, effective October 23, 2026, the market segment to which our shares belong will be changed from the TSE Prime Market to the TSE Standard Market.

Furthermore, we submitted a "Plan for Compliance with Listing Maintenance Criteria for Prime Market" (hereinafter, the "Plan") on March 30, 2023, and subsequently disclosed "Progress Status Based on the Plan for Compliance with Listing Maintenance Criteria" on March 28, 2024, "Progress Status Based on the Plan for Compliance with Listing Maintenance Criteria and Change of Plan Period" on March 27, 2025, and "Progress Status Based on the Plan for Compliance with Listing Maintenance Criteria (Entering Improvement Period) and Change of Plan Period" on March 26, 2026. We have continued our efforts toward compliance with the listing maintenance criteria for the Prime Market; however, in conjunction with the approval of this market segment change, we have decided to withdraw the said Plan as of today, and we hereby notify you of this decision.

Given the business model of our Group and our presence among client companies, we believe that the impact of this market segment change on our business will be limited. Even after the market segment change, we will continue and strengthen our initiatives regarding the enhancement of corporate governance and dialogue with the capital market, strive to improve corporate value over the medium to long term, and aim for re-compliance with the Prime Market listing criteria in the future.

We will continue to strive to deepen understanding of our Group through proactive public relations and IR activities, and we ask for the continued support of our shareholders and investors.

End
