Notice Concerning Continued Selection as a Constituent of the "JPX-Nikkei Mid and Small Cap Index"

We are pleased to announce that our company's stock has been selected as a constituent of the "JPX-Nikkei Mid and Small Cap Index" for the 2026 fiscal year (August 31, 2026 to August 30, 2027), which is jointly calculated by JPX Market Innovation & Research, Inc. and Nikkei Inc.

This marks the sixth consecutive year since 2021 that our company's stock has been selected as a constituent of the "JPX-Nikkei Mid and Small Cap Index."

Details

The JPX-Nikkei Mid and Small Cap Index is a stock index composed of companies that utilize capital efficiently and manage with investors in mind, applying the same concept as the JPX-Nikkei Index 400—which consists of companies with high investment appeal—to mid and small-cap stocks.

Constituents of this index are selected from common stocks primarily listed on the Tokyo Stock Exchange (Prime, Standard, and Growth markets). After screening based on market capitalization and market liquidity indicators, companies are scored using quantitative indicators (3-year average ROE, 3-year cumulative operating profit) and qualitative factors (appointment of independent Outside Directors, appointment of female executives, etc.), with the top 200 companies being selected.
