Prior to the opening, we would like to announce that starting today we will begin accepting registrations (LINE) for advance reservation information.

Our first “VISION GLAMPING Resort & Spa” location, Koshikano Onsen (Kirishima City, Kagoshima Prefecture), is the first glamping facility in Japan\* to feature an outdoor hot spring bath in every private room, and this new facility will open in Lake Yamanakako with an even more advanced concept, facilities, and services. We look forward to your continued patronage.

\*According to what Stella Associates stated in December 2021, a private glamping space has the functions (bed, toilet, bath, and dining area) required of a hotel for each customer and everything is invisible from the outside.
