■ **Details and Features of the Optional Service of the “Location-Identification GPS (hereinafter the “Service”)**

The Service lends out small GPS tags that can be used overseas. By accessing a dedicated website from a smartphone, etc., you can check the current location. We hope that the Service will help you feel more secure during your stay abroad, whether you are traveling with your children or studying abroad, or whether you need to protect your luggage from loss or theft.

- Real-time Location-Identification: You can acquire the current location at the shortest 1-minute interval (customizable) and check the high-precision location information from your smartphone easily.
- SOS Notice: You can send SOS along with location to the administrator by pressing “SOS Button” on

GPS terminal.

- Travel Detection: You are notified that it will be traveling at or above the speed you have set, so you can understand that it is traveling by trains, buses, or other vehicles.
