Vision Inc. has officially begun offering services at Expo 2025 Osaka, Kansai, Japan.
Our communications and charging infrastructure ensures a comfortable Expo experience for both domestic and international visitors.

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter “the Company”) began offering rental and sales services for communication and charging devices to support both domestic and international visitors attending Expo 2025 Osaka, Kansai, Japan, which opened on April 13, 2025.

Through the Vision’s brands “GLOBAL WiFi®” and “NINJA WiFi®,” we have installed service booths at two locations within the venue, the East Gate Plaza and West Gate Plaza. We have created an environment where Wi-Fi routers and mobile batteries can be easily used without cash, supporting a comfortable Expo experience for visitors from around the world.

Additionally, the “ChargeSPOT®,” mobile battery sharing service operated by INFORICH INC., has also been installed at both booths. Visitors can smoothly use a charging service within the Expo site.

• “ChargeSPOT®” Details

The “ChargeSPOT®” is a mobile battery sharing service. The rental method is simple: you simply scan the QR code (*1) on the battery stand with the “ChargeSPOT®” compatible app. It is installed in all 47 prefectures of Japan and is expanding globally to regions such as Hong Kong, Thailand, Taiwan, China, Singapore, and Macau.

Download the app : <https://go.onelink.me/GQjX/cc9f2407>

(*1) QR Code is a registered trademark of DENSO WAVE INCORPORATED.

From day one, the booths have welcomed numerous visitors, highlighting the high demand for communication and charging solutions.

In line with the Expo’s theme, “Designing Future Society for Our Lives,” Vision aims to facilitate seamless communication beyond borders by providing dependable connectivity infrastructure.
