**Construction of “VISION GLAMPING Resort & Spa Awajishima” commences
ahead of early 2027 opening.
– First location in the Kansai region –**

“VISION GLAMPING Resort & Spa” operated by Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter Vision), which operates businesses under the theme of “Connecting People, Connecting the World,” including GLOBAL WiFi, Information and Communications Service, and Glamping and Tourism, has commenced construction of “VISION GLAMPING Resort & Spa Awajishima,” a new glamping facility in Iwaya, Awaji City, Hyogo Prefecture. This will be the Vision’s third location, following its existing sites in Kirishima City, Kagoshima Prefecture, and Yamanakako Village, Yamanashi Prefecture.

“VISION GLAMPING Resort & Spa Awajishima” will be the first villa-style resort under the VISION GLAMPING Resort & Spa brand. Like the two existing facilities, it will be based on the concept of providing a “completely private space.”

The bathroom spaces, located on the second floor of all villas, offer views of the Akashi Kaikyo Bridge and are equipped with an open-air bath featuring natural radium hot spring water drawn from Iwaya Onsen. Each unit also features a sauna, a cold plunge bath, and infinity chairs, which guests can enjoy at their leisure throughout their stay. In addition, we provide fresh ingredients including locally sourced seafood and a wide selection of beverages in the private dining space, allowing guests to enjoy their meals in comfort and privacy. We are preparing for a grand opening in early 2027 as an experiential accommodation where guests can enjoy the satisfaction of both the outdoors and a hotel-like stay, without ever needing to step outside from check-in to check-out, ensuring the highest level of comfort and refinement.

● **Concept**

A space where you can relax in comfort anytime and anywhere.

We aim to create a glamping facility where every guest can feel at ease and enjoy an extraordinary escape with

the gentle sea breeze of Awajishima.

● Special highlights

(1) Convenient access from major Kansai cities such as Kyoto, Osaka, and Kobe

The site is just a 60-minute drive from Osaka and offers excellent accessibility from the Keihanshin and other areas of the Kansai region, as well as from the Chubu, western Honshu, and Shikoku regions. It is also located only five minutes from the nearest highway exit.

(2) A rare location where every villa offers views of the Akashi Kaikyo Bridge

From the second-floor bathroom of each villa, guests can enjoy stunning views of the majestic Akashi Kaikyo Bridge. Especially at night, when the bridge is beautifully illuminated, the scene becomes a rare and exceptional sight unique to the northernmost tip of Awajishima.

(3) “Private Space Glamping” for a truly relaxing stay in complete seclusion

Each villa is set within a fully enclosed private space and features a villa-style design to ensure maximum privacy. The first floor includes a bedroom and dining area, along with an outdoor fire pit where guests can relax beneath the open sky. The second floor is equipped with an open-air bath, a cold plunge pool, and a sauna, creating a private sanctuary that can be enjoyed year-round, regardless of the weather.

(4) Pet-friendly guest rooms available

Even dogs who are sensitive to unfamiliar people or environments can relax here. We understand that pets are part of the family, and invite guests to create special memories together in comfort.

(5) Spacious villas offering ample room

Each villa offers an expansive total floor area of approximately 120 m². This generous space creates a truly special stay and allows guests to feel even more connected to the surrounding nature.

(6) Minimal staff interaction for a private and seamless stay

By utilizing various IoT technologies, guests can enjoy uninterrupted private time. Unless assistance is requested, interaction with staff will be limited to check-in and check-out.

(7) Effortless BBQ dining and locally sourced seasonal cuisine

We prepare fresh local seafood and other ingredients sourced from Awajishima, complemented by a wide selection of beverages for your enjoyment. We strive to provide a seamless dining experience, allowing guests to enjoy their meals at their preferred time and in their preferred way.

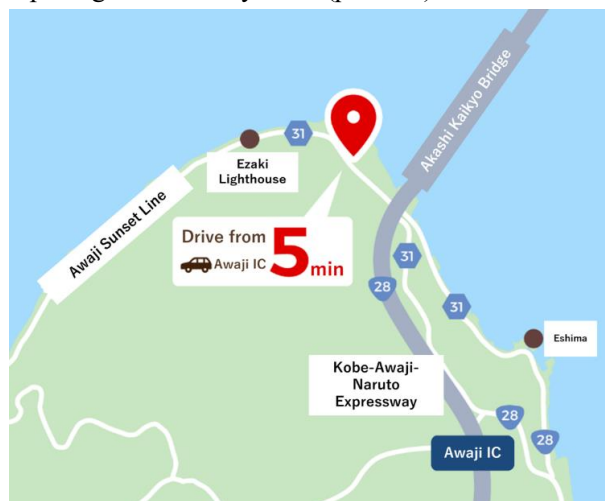

(8) Introducing various activities unique to Awajishima

In addition to the spectacular views of the Akashi Kaikyo Bridge from the special observation deck within the area, guests can also enjoy a variety of activities that showcase the charm of Awajishima, including marine sports.

● Background of Vision’s entry into the Glamping Business

○ Providing services to a wide range of customers, including corporations, individuals, and inbound travelers, for many years

Vision Group, which includes Vision and its affiliated companies, has centered its business activities on two core areas: the GLOBAL WiFi Business, which provides mobile internet connectivity both domestically and internationally, and the Information and Communications Service Business, which offers comprehensive solutions primarily for newly established companies and startups.

Following these two core businesses, we launched the Glamping and Tourism Business in 2022 as a new initiative. This business has been well received by both domestic and international customers, particularly as an attractive option for GLOBAL WiFi users who love to travel.
