**Vision Inc. has been selected for the first time as a “Supplier Engagement Leader,”
the highest rating in CDP’s Supplier Engagement Rating.**

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter the Company) has been selected as a “Supplier Engagement Leader” in the 2024 disclosure cycle by CDP (Carbon Disclosure Project), an international environmental non-profit organization.

The title of “Supplier Engagement Leader” is awarded to companies that receive high evaluations for their efforts to address climate change within their supply chains, based on criteria such as governance, Scope 3 emissions disclosure, and engagement across the value chain.

This recognition is separate from CDP’s standard scoring system, and only a select group of top-performing companies from among all disclosing organizations worldwide are included in the list. It is a great honor for our company to be recognized as one of them.

Going forward, we will continue to promote initiatives that engage our entire supply chain in efforts to address climate change and realize a sustainable society.
