**Vision Inc. has renewed its web camera rental service “VWS Cam.”**  
**- Now supports cloud storage and dedicated app for more flexible remote monitoring -**

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter Vision) launched an updated version of its web camera rental service “VWS Cam,” part of its corporate-focused “VWS Series” on July 30, 2025. The renewal includes in-house manufacturing of the camera hardware and the introduction of a proprietary app developed by Vision.

**New lineup of VWS Cam now available**

 <p><b>Eva-P</b> NEW model</p> <p>Per unit <b>¥1,100</b> /month (incl. tax)</p> <p>A 2K high-resolution camera capable of 360° rotation and remote operation with no spots</p>	 <p><b>MB-C</b> NEW model</p> <p>Per unit <b>¥1,320</b> /month (incl. tax)</p> <p>A 2.5K super high-resolution camera equipped with high-power LED, delivering clear color footage day and night</p>	 <p><b>MD-1</b> NEW model</p> <p>Per unit <b>¥1,430</b> /month (incl. tax)</p> <p>A 2K high-resolution camera with K10 impact resistance, as well as waterproof and dustproof protection</p>
--	--	---

The renewed “VWS Cam” now supports cloud storage of recorded data, eliminating the need for physical recording devices. This reduces the risk of data loss due to theft or malfunction, while enabling users to access footage from anywhere with an internet connection.

Through the dedicated app “VWS Cam,” it is available to watch real-time and access recorded footage from your smartphone or tablet. It also supports camera control functions such as pan (horizontal movement), tilt (vertical movement), and zoom (magnification of a selected area).

These same functions are now also available on PC via a web browser.

## ■ Service Overview

“VWS Cam” is a network camera rental service that can be used on a monthly or yearly basis, starting from just one unit. If installation work is required, Vision can also arrange it on your behalf.

You can choose from the three camera types depending on your specific needs and installation environment.

- Device lineup and features

 <h3>High-resolution</h3> <p>With 2.3K high-resolution and nightvision, surveillance footage is rendered with greater clarity</p>	 <h3>360° rotation</h3> <p>Enables, remote operation with 360° horizontal and 90° vertical rotation, ensuring coverage with no blind spots</p>
 <h3>Calling feature</h3> <p>Two-way calling is possible between the camera and the app, making it useful as a monitoring or caregiving camera</p>	 <h3>Stable connection</h3> <p>Delivers stable video transmission via both wired LAN and WiFi connections</p>

## 【VWS-Eva-P】

Indoor model. 2.3K high-resolution, night vision, and support for pan/tilt control. Two-way communication with a smartphone is also supported, making it suitable for remote monitoring and caregiving purposes. Compatible with both Wi-Fi and wired LAN connections.

- Standard plan (14-day storage) : ¥2,420/month (tax included)
- Premium Plan (30-day storage) : ¥3,850/month (tax included)

<p>Series Highest quality</p>  <h3>Super high-resolution</h3> <p>With WQHD* super high-resolution, it captures faces and movements with exceptional clarity.</p>	 <h3>Equipped with LED</h3> <p>Equipped with a high-power white LED, it provides clear color footage both day and night. <small>*Equipped with a light illumination function</small></p>
 <h3>Waterproof and dustproof protection</h3> <p>Equipped with IP66 waterproof and dustproof protection, making it ideal for outdoor surveillance.</p>	 <h3>Supports dual-band</h3> <p>A stable connection via Wi-Fi or wired LAN. With strong resistance to network congestion for smooth communication.</p>

\*WQHD – higher resolution than Full HD for enhanced image clarity(2560 × 1440)

## 【VWS-MB-C】

Indoor and outdoor model. In addition to 2.5K high-resolution, high-power white LED enables color video monitoring even at night. With IP66 waterproof and dustproof protection, it is reliable to use in stores that are open at night. Compatible with both Wi-Fi and wired LAN connections.

- Standard plan (14-day storage) : ¥2,640/month (tax included)
- Premium Plan (30-day storage) : ¥4,070/month (tax included)

#### High-resolution

With 2.3K high-resolution, it captures **faces and movements** with exceptional clarity.

#### Impact resistance

With **a high impact resistance(K10)**, the camera is protected against tampering and physical damage.

#### Waterproof and dustproof protection

Equipped with **IP66 waterproof and dustproof protection**, making it ideal for outdoor surveillance.

#### PoE compatible

Compatible with Wi-Fi and PoE, allowing use in a variety of environments

### 【VWS-MD-1】

A high-durability model suitable for indoor and outdoor model. With 2.3K high-resolution, IP66 waterproof, dustproof protection and impact resistance, it is ideal for construction sites and outdoor surveillance. Compatible with Wi-Fi and PoE connections.

- Standard plan (14-day storage) : ¥2,750/month (tax included)
- Premium Plan (30-day storage) : ¥4,180/month (tax included)

\* No initial fees for any plan.

\* Special rates are available for annual contracts, and a Light Plan (one-day storage) is also offered.

The service is used by a wide range of businesses across various industries and sectors for purposes such as crime prevention, remote monitoring, checking customer service status, improving operational efficiency, and trouble prevention.

Vision will continue to provide flexible solutions that meet the needs of our customers to support their “current” challenges.
