Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” launched “Smart Pickup,” a smart locker service that allows customers to receive devices for “GLOBAL WiFi®,” the company’s overseas Wi-Fi router rental service, at Hakata Port International Terminal on September 4.

[ Smart Pickup Location : Hakata Port International Terminal 1st floor (Bus Stop) ]

We specialize in providing Wi-Fi rentals for customers traveling from Hakata Port to Korea, while also offering Japanese Wi-Fi routers for inbound visitors to Japan. Since the COVID-19 pandemic, there have been no Wi-Fi rental counters at Hakata Port International Terminal. With the installation of the “Smart Pickup” Lockers, we hope to provide travelers using Hakata Port with a more convenient and reliable communication environment.

With this installation, “Smart Pickup” is now available to receive and return at 20 domestic airports, 40 locations, 59 Smart Pickup units. “GLOBAL WiFi®” will continue to expand touch points, including airports across the country, strive to improve its services and network quality, and expand available areas to provide a comfortable mobile Internet connection environment around the world.
