“GLOBAL WiFi®” launches new option “Ultra-Thin Portable Battery [MagSafe Compatible],” offering a compact solution for travelers!

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” has announced the launch of the Ultra-Thin Portable Battery [MagSafe Compatible] as a new option under its “GLOBAL WiFi®” service.

The advertisement features a blue background with a hand holding a smartphone with the Ultra-Thin Portable Battery attached. The battery is silver and rectangular. Text elements include the GLOBAL WiFi logo, a quote about attaching to a smartphone, the product name 'MagSafe-Compatible Ultra-Thin Portable Battery', four circular icons detailing features (High capacity 8,000mAh, Thickness: 0.8cm Weight: 102g, QC3.0 Fast charging, and Supports charging of two devices simultaneously), and pricing information at the bottom.

GLOBAL WiFi®

Attaches to a smartphone for charging /

MagSafe-Compatible

Ultra-Thin Portable Battery

- High capacity 8,000mAh
- Thickness: 0.8cm Weight: 102g
- QC3.0 Fast charging
- Supports charging of two devices simultaneously

4,620 yen (Included tax) / per device **No need to return**

During overseas travel, smartphones are used more frequently, whether it's checking maps and local information, sharing travel memories on social media, or handling emails and documents while on business trips. Therefore, ensuring a charging environment for smartphones will greatly affect the comfort of travelers during their trips.

As a new addition to popular mobile battery options of “GLOBAL WiFi®,” we are pleased to introduce the Ultra-Thin Portable Battery [MagSafe Compatible].

This option features an ultra-thin and lightweight design, measuring just 0.8cm thick and 102g in weight, and can be attached to a smartphone, making it ideal for international travel or business trips where luggage tends to increase.

Recommended

POINT 1

MagSafe-Compatible

Attach and charge, making it easy to carry with your smartphone

POINT 3

High capacity 8,000mAh

Despite its ultra-thin design, it offers a large 8,000mAh capacity, allowing you to charge your smartphone about 1.5 to 2 times.

POINT 2

Ultra-thin, lightweight design

At only 0.8cm thin and 102g, it's the perfect fit for travelers who want to pack light!

POINT 4

Supports charging of two devices simultaneously

Equipped with a USB-C charging port, it allows you to charge two devices simultaneously via MagSafe and wired connection.

No need to return

*A new item will be included with the rental set. There is no need to return the item after use.

We will continue to enhance our services and improve quality to provide customers with a reliable and comfortable communication environment through “GLOBAL WiFi®.”
