Vision Inc. installs “GLOBAL WiFi® Rental Station” within Expo 2025, Osaka, Kansai.
- Supporting a comfortable Expo experience for domestic and international visitors
through communication and charging infrastructure -

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” has installed a “GLOBAL WiFi® Rental Station” within the venue of Expo 2025 Osaka, Kansai, Japan.

“GLOBAL WiFi® Rental Station” is a mobile Wi-Fi rental service that enables to rent and use it immediately. One device can be used in Japan as well as in 145 countries and regions worldwide. It can also serve as a mobile battery.

Compared to the conventional smart locker “Smart Pickup,” this is more compact and space-efficient. We plan to gradually expand its rollout going forward. It is currently also installed on the 3rd floor of Terminal 3 at Haneda airport.

Looking forward, we will continue to expand installations at convenient locations for users, such as hotels and tourist information centers.

For inquiries regarding the installation of the “GLOBAL WiFi® Rental Station,” please contact us at the details below.

GLOBAL WiFi Station Staff : info@townwifi.com

What is a GLOBAL WiFi Rental Station?

Use It Immediately After Renting

Available for daily rental and ready to use immediately after pickup.

One Device Can Be Shared

Since multiple people can connect to the WiFi, it's more cost-effective per person.

Works as a Power Bank

Compatible with two types: Lightning and Type-C.

Return it at the Airport on Your Way Home

Returns available at major airports, including Narita, Haneda, and Kansai.

■ “GLOBAL WiFi® Rental Station” features

- A fully self-service Wi-Fi router rental available immediately on-site

After applying via the 2D code displayed on the “GLOBAL WiFi® Rental Station,” customers can receive a Wi-Fi router from the machine and start using it immediately.

- Share one device

Multiple people can connect to Wi-Fi simultaneously, so the cost per person is also cheaper.

- The device comes with a charging cable and can also be worked as a mobile battery

It supports two types: Lightning and Type-C. A minimal device that works as both Wi-Fi and a mobile battery at the same time.

- Reliable 24/7/365 customer support

Our professional staff are available 24/7/365 to assist with inquiries via LINE, phone, or email.

- Returns available across the industry's largest network of airport locations

After use, customers can return the device at 20 airports and 40 locations across Japan (one of the largest airport return networks in the industry). Returns are also available via courier from home, office, or convenience stores.

- Supports English and Traditional Chinese

To make our service accessible to international visitors to Japan, it supports Japanese, English, and Traditional Chinese. Additional languages will be added in the future.

GLOBAL WiFi® Rental Station Special Site : <https://townwifi.com/rentalstation/en/>

“GLOBAL WiFi®” will continue to expand touch points, including airports across the country, strive to improve our services and network quality, and expand available areas to provide a comfortable mobile Internet connection environment around the world.
