**Vision collaborates with Money Forward on the Accounting BPO Service “Kicho-Daiko.com”**  
**- Achieving greater efficiency and accuracy in bookkeeping through AI-cloud integration -**

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter “Vision”) has entered into a business partnership with Money Forward, Inc. (Headquarters: Minato-ku, Tokyo; Representative Director, President and Group CEO: Yosuke Tsuji, hereinafter “Money Forward”), the developer of the back-office SaaS “Money Forward Cloud,” to launch initiatives aimed at improving the efficiency of bookkeeping outsourcing operations and enhancing service quality.

■ **Background of the partnership**

While the digitalization of accounting operations is accelerating, particularly among small and medium-sized enterprises (SMEs), a significant amount of time and effort is still devoted to bookkeeping tasks such as collecting supporting documents and entering journal entries.

Furthermore, with the declining birthrate, aging population, and shrinking workforce, it is expected to become increasingly difficult for SMEs to recruit back-office staff, including accounting personnel.

In light of this situation, Vision has partnered with Money Forward to provide efficient and highly accurate bookkeeping services leveraging AI and cloud technologies. Through this collaboration, we aim to help SMEs address their management challenges and improve productivity.

■ **Overview of the partnership**

• **Streamline Bookkeeping Operations**

By leveraging “Money Forward Cloud,” receipts and invoices are automatically converted into journal entry data. This end-to-end automation streamlines bookkeeping operations and significantly reduces manual data entry.

- **Leverage a Cloud-Based Accounting Platform**

Because all processes are completed in the cloud, the service can be accessed securely from anywhere in Japan.

- **Improve Quality and Audit Compliance**

The accuracy of journal data is ensured through a dual system combining AI checks and expert staff, and the service complies with the latest regulations, including Electronic Bookkeeping Act.

## ■ Future prospects

Going forward, the two companies will work together in the areas of Accounting BPO and bookkeeping outsourcing to help reduce the back-office workload of SMEs and help address labor shortages.

Furthermore, by leveraging both companies' customer bases to mutually introduce services tailored to the needs of SMEs, the partnership aims to support greater operational efficiency and promote digital transformation (DX) for a larger number of companies.

In the future, the scope of services is expected to expand beyond bookkeeping outsourcing to include comprehensive back-office support, such as payroll processing, year-end tax adjustments, and human resources and labor management.

## ■ Overview of Kicho-Daiko.com

The advertisement for Kicho-Daiko.com features a blue background. In the top left, there is a logo with a blue icon of a document and the text '記帳代行ドットコム' in blue. To the right of the logo, the text 'We'll take care of everything!' is written in white. Below the logo, the text 'Tax Accountant Supervision × Listed Company Operation' is written in white. In the center, there is a red banner with white text that reads 'Bookkeeping and journalizing accounting work' and 'Required for closing and tax returns'. Below the banner, four people (two men and two women) are shown smiling and holding stacks of documents. The man on the far left is wearing a white chef's hat and a white shirt. The woman next to him is wearing a dark blue blazer over a light blue shirt. The man next to her is wearing a tan jacket over a white shirt. The woman on the far right is wearing a white V-neck sweater over a light blue shirt.
