**“GLOBAL WiFi®” launches the “Additional Device Option,”  
which enables Wi-Fi use for temporary separate activities overseas.**

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” has launched a new optional service, the “Additional Device Option,” under its overseas Wi-Fi rental service “GLOBAL WiFi®.” This service allows users to stay connected even when temporarily engaging in separate activities from family or friends during overseas travel.

The advertisement features two smiling women in the background. Overlaid on the image is the GLOBAL WiFi logo at the top center. Below it, a white box contains the text "A second Wi-Fi device for occasional use". In the center, a large white box with orange text reads "Additional Device Option". To the right, a speech bubble says "Perfect for staying connected during short moments apart!". At the bottom, two dark blue boxes provide pricing: "3GB 1,980 yen per device (tax included)" and "1GB 1,540 yen per device (tax included)".

This option is a service that allows users to rent an additional Wi-Fi device at a discounted rate, separate from their main “GLOBAL WiFi®” rental. It is uncommon for travelers to act separately from their companions during overseas travel. For instance, travelers may temporarily separate when they wish to efficiently purchase what they want within a limited time during shopping at large commercial facilities, or when they want to enjoy their favorite exhibits at museums or art galleries without worrying about others. Even simple situations such as a restroom break can lead to temporary separation.

By carrying separate pocket Wi-Fi devices, the main “GLOBAL WiFi®” and the “Additional Device Option,” both users can enjoy a comfortable internet connection even when temporarily apart during their travels. Users can select either 3GB or 1GB of available data capacity according to their intended use.

In addition, this option uses a slim model without an LCD screen, making it lightweight and easy to carry. Users can also check the remaining data balance at any time by scanning the QR code on the back of the device with their smartphone.

\*QR Code is a registered trademark of DENSO WAVE INCORPORATED.

Vision will continue to enhance and improve the quality of its services to provide customers with a comfortable and reliable communication environment through “GLOBAL WiFi®.”

#### “Additional Device Option” Service Overview

Fee : 3GB 1,980 yen (tax included), 1GB 1,540 yen (tax included)

How to apply : Select as an option when applying for “GLOBAL WiFi®”

Website : <https://townwifi.com/price/option/plus1option/>

#### “Additional Device Option” Precautions

- Once your data allowance is used up, the connection will stop. Additional data cannot be purchased, so we recommend selecting the 3GB option if you are concerned about running out.
- It can also be used within Japan.

- This service is provided via 4G lines.
- When receiving or returning the device, please make sure to include “GLOBAL WiFi®.”
- Airport lockers, convenience stores, and overseas local pickup are not available.
- This option is only available to customers with an Unlimited Plan for their main “GLOBAL WiFi®.”
- In the event of damage or loss, the following fees will be charged, depending on the details of your Insurance Plan.

| Rental item              | Insurance Plan<br>MAX | Insurance Plan<br>FULL | Insurance Plan<br>MINI | NO<br>Insurance Plan |
|--------------------------|-----------------------|------------------------|------------------------|----------------------|
| Additional Device Option | Free                  | 5,000 yen              | 25,000 yen             |                      |

Repayment amounts are not subject to taxation.

- There is no extension fee for this option; however, if you wish to extend it, please complete the procedure on your “My Page” etc.
