**Total users of “GLOBAL WiFi®” and other Wi-Fi rental services exceed 24 million!**

Total number of group-wide users of Wi-Fi router rental services provided by Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota, hereinafter Vision), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” has exceeded 24 million (\*1).

According to the Japan National Tourism Organization (JNTO), the cumulative number of foreign visitors to Japan in 2025 hit a record high, surpassing the 40-million-visitor mark for the first time. The number of Japanese overseas travelers has also continued its recovery trend that began in the second half of 2024, with demand for business trips and outbound travel from Japan steadily recovering (\*2). With this expansion in demand for travel to and from Japan, the use of “NINJA WiFi®,” our Wi-Fi router rental service for foreign visitors to Japan, is also growing steadily.

Furthermore, we have enhanced our overseas Wi-Fi router rental service, “GLOBAL WiFi®,” to meet customer needs by expanding our unlimited data plan to 128 countries and regions, and our 5G service to 54 countries and regions.

In addition to expanding our coverage area, we have also added a variety of options in response to customer requests, such as “Cancellation Compensation,” “Japan Use Option,” “Ultra-Thin Portable Battery [MagSafe Compatible],” and “Additional Device Option.”

“WiFi-rental.com®,” our domestic Wi-Fi router rental service, also offers a wide range of pickup and return options for maximum customer convenience, including one of the largest airport pickup networks in the industry. Reflecting this accessibility, the service has achieved the No. 1 ranking in domestic Wi-Fi rental users for 8 consecutive years (\*3).

“GLOBAL WiFi®” will continue to enhance its network quality and expand available areas to become the service of choice for customers and provide a comfortable mobile Internet connection environment around the world.

(\*1) Number of group-wide users of Wi-Fi router rental service (Our research in January 2026)
