**Keikyu, ecbo, and Vision collaborate to expand same-day luggage delivery service for inbound travelers to Japan.**  
**– Launching a trial of two-way, same-day luggage delivery between Haneda Airport and central Tokyo to enhance the inbound travel experience –**

Keikyu Corporation (Headquarters: Nishi-ku, Yokohama; President: Yukihiro Kawamata; hereinafter “Keikyu”), ecbo Inc. (Headquarters: Shibuya-ku, Tokyo; President and CEO: Shinichi Kudo; hereinafter “ecbo”), and Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota; hereinafter “Vision”) expand same-day luggage delivery service for inbound travelers to Japan and launch a trial of two-way luggage delivery connecting Haneda Airport and central Tokyo from Monday, March 9, 2026.

This service is based on an initiative in which Keikyu and ecbo launched a demonstration experiment in August 2024 and transitioned to full-scale operations in March 2025. With Vision newly joining the initiative, the service will begin offering same-day delivery from hubs and accommodations in Tokyo to Haneda Airport, in addition to the existing same-day delivery service from Haneda Airport to accommodations, aiming to enhance convenience for visitors to Japan on both their arrival and departure days.

Vision will leverage customer touchpoints, including its “GLOBAL WiFi®” counters at Haneda Airport, which provide overseas Wi-Fi rental services, as well as “Glade Park Shimbashi,” a large-scale rental space operated

by its group company, adval Corp. Through our participation in this initiative, we will strive to enhance the travel experience for visitors to Japan from arrival through their return home.

#### ■ Service overview

This service provides same-day luggage delivery from Haneda Airport to accommodations on the day of arrival, and from accommodations back to Haneda Airport on the day of departure. Previously, Keikyu and ecbo offered same-day delivery between Haneda Airport and their accommodations.

For the newly launched luggage delivery to the airport, multiple drop-off points are established across Tokyo, including the ecbo cloak Marunouchi, KEIKYU EX INN Tokyo Nihombashi, and TIME SHARING / Glade Park Shimbashi. Both advance online reservations and same-day on-site applications are accepted. Luggage dropped off is available for pickup from 4:00 p.m. on the same day at Haneda Airport Terminal 3.

In addition, the same-day luggage delivery counter at Haneda Airport Terminal 3 Station extends its operating hours until 8:00 p.m.

This initiative is expected to allow travelers to enjoy sightseeing and move around without carrying large luggage, even on their return trip to Haneda Airport, contributing to a more comfortable stay in Japan.

#### ■ Background of the initiative and future outlook

In recent years, the number of foreign visitors to Japan has been recovering and expanding, making it increasingly important to improve the convenience of transportation from airports to city and to ease congestion on public transportation caused by large luggage. This initiative brings together three companies – Keikyu, which operates transportation infrastructure; ecbo, which runs a logistics platform; and Vision, which has customer touchpoints at airports – and is expected to help address these social challenges while enhancing the experience of visitors to Japan.

Vision will continue to build cooperative partnerships aimed at improving convenience and strengthening support systems in anticipation of further growth in inbound tourism demand. By leveraging real customer touchpoints, including airports, we will strive to expand services that support the mobility and stay of visitors to Japan.
