“GLOBAL WiFi®” introduces “Amazon Pay” as a new payment option for applications.

Vision Inc. (Headquarters: Shinjuku-ku, Tokyo; President, Representative Director and COO: Kenji Ota), which operates GLOBAL WiFi Business, Information and Communications Service Business, and Glamping and Tourism Business under the themes of “Connecting People, Connecting the World,” has introduced “Amazon Pay,” an ID-based payment service provided by Amazon, as a new payment option when applying for its overseas Wi-Fi rental service “GLOBAL WiFi®,” starting Thursday, April 23.

“GLOBAL WiFi®” has offered a variety of payment options, including credit cards, NP deferred payment, and bank transfers (available exclusively for corporate account services).

To further enhance customer convenience during the application process, we have introduced “Amazon Pay,” a payment service that enables users to complete transactions using their existing Amazon account information, which is trusted by tens of millions of active users each month.

With the introduction of “Amazon Pay,” customers can now pay using the credit card information already registered to their Amazon accounts. Because there is no need to re-enter credit card details, the application process is now smoother and more efficient than ever before.

We will continue striving to enhance service quality and improve the convenience of procedures, and provide an optimal internet environment for all travelers.

*Amazon, Amazon.co.jp, Amazon Pay, and their logos are trademarks of Amazon.com, Inc. or its affiliates.
